

TORCH DESIGN CHALLENGE

2021 is the first year that the Gateshead School Sport Partnership (GSSP) will organise a virtual torch relay. We hope this is the start of a tradition that will see a virtual torch relay take place each Olympic year.

The GSSP team have designed the torch for this year. Have a look at the picture on the right. Do you like it?

It's now your job to design the next torch for the virtual relay in 2024 when the Olympics take place in Paris, France. Children from all 34 schools involved in this year's virtual relay will be asked to submit designs and importantly, judge the work of others.

OLYMPIC TORCHES THROUGH THE AGES..

Check out these torches from past Olympics - which design is your favourite?

TIPS & IDEAS

RESEARCH: Check out other designs to help give you some ideas. This could be past Olympic torches or other torch designs.

MESSAGE: Olympic torches tell us about the country they are from. Think about how you can design your torch to tell people about where you are from.

DESIGN: Think about different parts of your design such as shape, colour, logos, words and anything else you can think of.

TOP TIP: Designers very rarely use their first design and often create a number of options before deciding on their favourite

TORCH DESIGN CHALLENGE

NAME:

CLASS:

First name and initial

SCHOOL:

Parent/Guardian Note for home based pupils: Once completed, the design should be submitted to your child's class teacher via their preferred method. Please ensure you comply with any policies and procedures put in place by the school (e.g. data protection and safeguarding).
