

Spread kindness like confetti!

As we find ourselves in Lockdown 3, local residents have organised a "Festival of Kindness".

They have received permission from the council to carry out "yarn bombing" around the village, to spread a little colour and joy in these uncertain times.

We want to encourage our children to get involved, so unleash your creative side and find some wool and see what you can decorate the village with!

See NE40 Festival of Kindness facebook page for more information.
