

LO: To create a Christmas star

Miss Armstrong came up with the idea of each pupil in school designing their own star which we would be able to use to decorate Crawcrook/the outside of school.

Therefore, please can every pupil design a star on A4, using any mediums you wish. They will be laminated so that they can be hung over Crawcrook and help to spread some much needed Christmas cheer!

Possible ideas

- Christmas images
- personal to you
- reflect life at Emmaville Primary School
- reflect everything that is bright (good) in life
- colourful patterns
