

Emmaville Primary School

Social Distancing Policy Statement

Last updated: 9th May 2020

Contents:

Statement of intent

1. Legal framework
2. Risk assessments
3. Social distancing measures
4. Infection control measures
5. Personal protective equipment (PPE)
6. Communication
7. Monitoring and review

Statement of intent

This policy statement outlines the school's approach to social distancing measures in light of the current coronavirus (COVID-19) pandemic, and how we will adhere to the guidance published by the government and health organisations.

While we are looking forward to welcoming more of our pupils back, we understand the concerns of many of our stakeholders, e.g. parents and staff members. That is why we have created this policy - to outline the steps the school will take to mitigate the risk of infection spreading and, ultimately, ensure the safety of our school community.

We will be consulting parents and staff members to support our decision-making and will be updating this policy in light of updates to government guidance.

Signed by:

Headteacher

Date: 9.6.2020

B. Purvis

Chair of governors

Date: 9.6.2020

1. Legal framework

- 1.1. **This policy has due regard to relevant legislation and guidance, including, but not limited to, the following:**
 - Coronavirus Act 2020
 - DfE (2020) 'Coronavirus (COVID-19): implementing protective measures in education and childcare settings'
 - DfE (2020) 'Safe working in education, childcare and children's social care settings, including the use of personal protective equipment (PPE)
- 1.2. **This policy operates in accordance with the following school policies:**
 - Infection Control Policy
 - Behavioural Policy
 - Coronavirus (COVID-19) Reopening Plan
 - Risk Assessment for Reopening After Partial Closure

2. Risk assessments

- 2.1. **Before reopening the school to more pupils, a risk assessment will be carried out to ensure sensible measures are put in place to protect staff members and pupils, including appropriate social distancing measures.**
- 2.2. **Staff members will be consulted as part of the creation process to ensure everyone's needs are understood and accounted for.**
- 2.3. **The risk assessment will address the following areas:**
 - Safety of the school premises
 - Cleaning measures
 - Infection control and the ability to implement protective measures, e.g. social distancing
 - Supporting staff and pupil wellbeing
 - Supporting pupils' learning
 - Safeguarding
 - Communication of plans and procedures

3. Social distancing measures

Class sizes

- 3.1. The school will continue to offer on-site provision for children of keyworkers and vulnerable children.
- 3.2. In addition to the above pupils, until government advice changes, the school will only be offering on-site provision to pupils from Year 6 initially. Y1 will be considered after appropriate reviews.
- 3.3. We will operate on a basic principle that Y1 to Y6 children will observe the 2 metre social distancing rule in line with our risk assessment. Therefore, no group will be no more than 8 pupils unless guidance changes. The school has arranged groups based on a parent survey so there are on average between 3 and 8 pupils in each group. Bubble guidance documents outline the specific group sizes and maximum room occupancy.
- 3.4. Pupils will remain in these groups and will not mix with others during the school day or on subsequent days.
- 3.5. There will be no more than one teacher and one TA working with each class each day.

This is outlined in the zone guidance documents for each zone.
- 3.6. In the event there is a shortage of teachers, a TA can lead the class under the direction of a teacher.
- 3.7. Where possible, social distancing measures will be adhered to, including the two-metre rule, in KS1 and KS2
- 3.8. Where social distancing is not achievable, e.g. because there are not enough classrooms, the head teacher will liaise with the LA to come to another arrangement.
- 3.9. The head teacher will decide whether it is viable to hold lessons or classroom activities outdoors to help with adherence to social distancing measures.

3.10.

The school day

- 3.11. The head teacher and other key staff members will review the school timetable and make amendments to reduce movement around the school. (See bubble guidance documents.)

Travelling to and from school

- 3.12. Pupil start and finish times will be staggered as follows to maintain social distancing and minimise mixing: See the bubble guidance documents and summary of zones.
- 3.13. Pick up and drop off points are communicated to parents in advance of the measures being put in place.
- 3.14. Clear signage is displayed highlighting where parents should drop off and pick up their children.
- 3.15. Parents are urged to avoid public transport where possible and to encourage their children to walk or cycle to school.

Assemblies

- 3.16. Assemblies will not take place. Classroom teachers will hold assemblies with the pupils in their bubble.

Break and lunchtimes

- 3.17. Pupils will take their break times and lunchtimes with the pupils in their set bubble to avoid mixing.
- 3.18. Different areas of the school will be allocated for pupils to take their break and lunchtimes, so we can appropriately distance pupil bubbles. See bubble guidance.
- 3.19. To assist in distancing pupil bubbles during breaktimes and lunchtimes, they will be staggered as per bubble outside plans:
- 3.20. The playground will be open so pupils are able to go outside during their break times and lunchtimes; however, they will be required to follow social distancing guidelines Playgrounds will be allocated as per the bubble plan.
- 3.21. Pupils will eat their lunches in their classrooms, or weather permitting to eat their lunch outside within their bubbles.
- 3.22. Pupils will wash their hands before eating.
- 3.23. All tables and relevant surfaces will be cleaned before and after pupils eat.

Staffroom

- 3.24. The staffroom is closed. If the staffroom needs to be used, occupancy will be limited to one person at a time, to stop staff members mixing. The two-metre social distancing will be enforced in the staffroom. Areas have been allocated for staff lunch.

PE lessons

- 3.25. Pupils will be required to follow social distancing guidelines in PE and sports activities. Class sizes will be limited to make adherence to the guidelines easier during team sports and activities.

Behaviour

- 3.26. The school's **Behavioural Policy** has been amended to include an annex outlining how social distancing will work when implementing the measures in the policy.
- 3.27. We understand that following some of the social distancing principles will be extremely challenging, so staff and pupils will not face any stringent action if they are unable to follow them.
- 3.28. If a pupil is unable to follow any social distancing measures, the **headteacher** and relevant staff members will discuss whether it would be more appropriate for the pupil to remain at home.
- 3.29. Individual behaviour plans are in place where required

Transport

- 3.30. Pupils and staff are encouraged to walk or cycle to school or be dropped off by a member of their household. If this is not possible, and pupils and staff need to use public transport, they are required to follow guidelines on social distancing.
- 3.31. Pupils and their families will be informed of the new arrangements before they are implemented.

Supporting pupils

- 3.32. The **SENCO** will review EHC plans and risk assessments to determine whether it is safe for pupils with SEND to return to school, if they have not already been attending.

- 3.33. The SENCO will consider the capacity for the pupil to understand and follow social distancing measures that have been put in place as part of their decision to determine whether a pupil with SEND should return to school.
- 3.34. When planning for each stage of reintegration, the implications for the wellbeing of pupils, staff and families will always be considered. One of the school's key priorities in relation to wellbeing is ensuring that the school community feels safe as we reopen more widely.
- 3.35. The headteacher will liaise with the LA to discuss what wider support services are available and to secure additional support and early help, where possible.

4. Infection control measures

- 4.1. We know that implementing social distancing measures in a school setting is extremely challenging. Therefore, we will also implement robust infection control measures to help ensure the safety of our school community.
- 4.2. Infection control measures are implemented in line with the Infection Control Policy, which contains an annex on coronavirus measures. Zone guidance provides detail on the equipment and procedures for each zone.
- 4.3. All staff members will be briefed on what they can do to mitigate the risk of infection, and they will be reminded of their responsibilities relating to control measures by email and through TEAMS meetings.
- 4.4. The school will communicate regularly with parents to outline the infection control measures in place and to explain parents' responsibilities in mitigating the risk of infection spreading. This is done to reassure parents and further mitigate the risk of infection spreading.
- 4.5. The following measures will be implemented across the school:
 - Minimising contact with individuals who are unwell by ensuring that those who have coronavirus symptoms, or who have someone in their household who does, do not attend the school for 7 or 14 days.
 - Cleaning hands frequently - wash hands thoroughly for 20 seconds with running water and soap and dry them thoroughly or use alcohol

hand rub or sanitiser ensuring that all parts of the hands are covered

- Ensuring good respiratory hygiene by promoting the 'catch it, bin it, kill it' approach
- Cleaning frequently touched surfaces using standard products, such as suitable detergents
- Minimising contact and mixing of pupils and staff by altering, as much as possible, the environment (such as classroom layout) and timetables (such as staggered breaktimes)
- No shared resources will be taken home by staff and pupils
- Discouraging pupils from touching their faces or putting objects in their mouths
- Teaching pupils to wash their hands frequently, particularly after using large moveable toys and bikes

4.6. **The school will review guidance from the government regularly, and update this policy and other documents, e.g. [the Risk Assessment for Reopening after Partial Closure](#), where necessary.**

5. Personal protective equipment (PPE)

5.1. **Reference to PPE in this section means:**

- Fluid-resistant surgical face masks.
- Disposable gloves.
- Disposable plastic aprons.
- Eye protection, e.g. face visor or goggles.

5.2. **The government has advised that the majority of school staff do not need to wear PPE beyond what they normally would for their work, even if they are not always able to maintain a distance of two metres from others.**

5.3. **In accordance with government guidance, PPE will be provided to staff in the following circumstances:**

- Where staff are caring for pupils whose intimate care needs already require the use of PPE

- Where a pupil becomes unwell with symptoms of coronavirus at school and requires direct personal care until they can go home, a surgical mask and visor should be worn by the staff member caring for the pupil. If contact with the pupils is necessary, the staff member should wear disposable gloves, a disposable apron, and a surgical mask and visor. Where there is a risk of splashing to the eyes, e.g. from coughing, eye protection should be worn.

5.4. When using face masks, staff will ensure the masks:

- Cover both the nose and mouth.
- Do not dangle around the neck.
- Are not touched once put on, except when carefully removed before disposal.
- Are changed once they become moist or damaged.
- Are only worn once and then discarded.

5.5. When using PPE, staff members will follow PHE's guidelines on putting on and taking off equipment. PHE's infographics will be displayed in areas of the school where PPE is likely to be used.

5.6. The safety of our staff is paramount, so additional risk assessments will be conducted to determine whether PPE is required for other tasks and activities, and we will do our utmost to ensure staff are provided with the PPE they need. Zone guidance outlines the relevant use and the Intimate care policy.

5.7. Where the wearer of PPE does not have coronavirus symptoms, the equipment will be placed in a refuse bag and be disposed of as normal domestic waste.

5.8. PPE that has been worn by, or near, someone with coronavirus symptoms will be disposed of by:

- Putting it in a plastic rubbish bag and tying it when full.
- Placing the rubbish bag in a second rubbish bag and tying it.
- Putting it in the locked cupboard beside the quarantine room, marked for storage for 72 hours.

- 5.9. Waste will be stored safely and securely kept away from pupils. Waste will not be put in communal waste areas until it has been stored for at least 72 hours. This waste does not require a dedicated clinical waste collection.
- 5.10. The SLT will ensure there are adequate stocks of PPE.

6. Communication

- 6.1. All social distancing measures will be communicated to all relevant stakeholders, including pupils, parents, staff, visitors, suppliers and contractors.
- 6.2. Staff will be informed of all relevant plans, including safety measures, timetable changes and staggered arrival and departure times, and will have opportunities to discuss training on the new measures.
- 6.3. Staff will be engaged regularly to get their feedback on the arrangements that are in place.
- 6.4. Visual aids will be placed around the school to remind our community of the measures that we have put in place.

7. Monitoring and review

- 7.1. This policy will be reviewed at least **weekly** and after the release of additional government guidance.
- 7.2. All updates made to this policy will be communicated to all staff members and parents by the **headteacher/DHT**.
